- Certificate: [bit.ly/javacerti](https://bit.ly/javacerti)

## PROJECTS

---

### **Website Design – Asterisc Technocrat Pvt. Ltd. | *HTML, CSS, Bootstrap, JavaScript***

[WebSite](#)

- As part of my web development journey, I undertook the task of designing and developing a static professional company Website Using HTML, CSS, Bootstrap.

### **Restaurant System Web Application | *JSP, JDBC, HTML, CSS, Bootstrap, Servlet.***

[Repository](#)

- Developed a web application for Restaurant by using JSP. The data is shown from database by Using JDBC, this application allows user to browse available menu, make reservation, manage booking.

### **Medicine SEO | *JSP, Servlet, Java, MySQL, HTML/CSS, Bootstrap***

[Repository](#)

- Developed a web application that connects users with nearby medical stores, allowing them to search for available medicines and find the nearest store locations. The project involved database design, user authentication, and frontend development to provide a user-friendly experience for both medical store owners and customers.
